A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desireable advertising medium.

WHAT OUR DIRECTORIES CONTAIN

A Map of the City
A Street Directory
Halls, Blocks and Bldgs.
Public Parks and Squares
Railroads
City, County and State Depts.
United States Dept.
Churches and Ministers
Societies and Institutions
Hotels
Courts, Officers, etc.

Direct Mail Advertising

EVERY detail connected with Mail Advertising is important and should be handled by experts. We have built up a reputation of which we are proud and have learned from years of experience the best way in which to meet the problem of sending out mail matter quickly without sacrificing accuracy and neatness.

FOR seventy-five years we have published city directories. This means the compiling of names and classifying them by trades, arranging them by streets and also alphabetically. Our directories (and we make over thirty) are recognized as being accurate and reliable.

FOR ten years we have had a department for taking care of all branches of Direct Mail Advertising. From our library of directories (covering the entire United States) we compile mailing lists which will bring results. That is they will bring results if the printing, letter work and mailing details are properly handled.

LET our mailing department become *your* mailing department and let our men call and go over your problems and help you if we can.

Good Business Insurance

YOUR advertisement in the City Directory with proper business listings insures your business against loss of trade.

The manufacturer or business institution that overlooks this fact is not building for the future.

The City Directory is active, 365 days every year. Let it serve you as it does others.

Our representative will be pleased to call and explain in detail the value of reference advertising.

CUT-O-LOGICAL PHILOSOPHY

If a black cow would give twice as much milk, as rich in butter fat, as a white cow would and eat no more than the white cow and cost but a trifle more, wouldn't you be willing to pay that trifle if you were in the market for a cow?

Well, The North Wayne Tool Company's Black Scythe Herd, composed of: The Little Giant, Aroostook, Be-Ve-Be, Puritan and American Standard have twice as much cut in them as the so called "Just as good" kind have, and they cost but a trifle more.

We suggest that dealers stock them and supply them to the Black Cow farmers, who appreciate efficiency and production in scythes as well as in cows.

The Return Circuit in Advertising

The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made

Creative Advertising;—in newspapers, magazines, billboards, etc. tends to suggest wants and to create desire,

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for buyers to find *You?*

Succesful reconstruction calls for more engineering skill than new construction. The above cut shows one of several such power-plant revisions which we are completing. By this arrangement an old boiler and engine house are utilized to accommodate thoroughly modern equipment.

Whether you require plant revision or a new plant, you will find competent engineering advice worth while.

Kinnear Motor Operated Steel Rolling Doors in Factory American Insulation Co., Philadelphia, Pa.

—to meet your needs!

KINNEAR Steel Rolling Doors and Shutters are built for service and fire protection; ingeniously designed; constructed of the best materials; assembled by competent and skilled mechanics. They are adaptable to buildings of all classes; public edifices, modern mercantile buildings, piers, factories, ware and freight houses. In compactness they effect economy in building construction, occupying neither valuable floor nor wall space, nor do they offer obstruction, being overhead and out of the way. Kinnear Doors are recognized by architects and engineers as the standard by which all others are judged.

We maintain a complete Engineering Department to help you plan your buildings. No obligation.

HIGHLAND COURT HOTEL

"AN HOTEL FOR HOMELOVERS"

HARTFORD, CONNECTICUT

The Living Room, the Dining Room, the Kitchen, and even the Tennis Court are copied from the American Home—Community living is successfully joined with the Home atmosphere, and you know when you are met at the door that your friends live here and you are welcome.

You live in the town yet overlooking it, not hemmed in by business buildings, for HIGHLAND COURT HOTEL stands by itself, with trees and lawns about it—rugs on the hardwood floors, marble baths, beds that you are glad to sleep in, and furnishings selected by an eye that knows.

At the railroad station when you arrive there is a motorbus to meet you, either to take you and your grips or just your grips and reserve rooms for you if you do not wish to come immediately to the Hotel. This motorbus runs about town and makes getting around very convenient to the Highland Court Hotel guest—there is no charge.

For those who come to us in motors we are well informed as to routes and road conditions, excellent byways that show you the splendid New England Country as well as the trunk routes of speed and ease.

Hartford is well worth while as a stopping place, a change from Great Cities for those who do not want to bury themselves on a farm and dislike the racket of a resort. A little description of how to see the town is published by the Hotel, we hope you will ask for it—it is called "Round Hartford in an Hour."

BILTON GEAR MILLERS

For cutting spur and bevel gears, saws, ratchets, etc., also used for slotting knitting machine cylinders. Many difficult milling operations can be also accomplished.

Special features:

Entirely automatic action
Positive and direct indexing to work
Cutter clears work while indexing
Large production through quick action
Exceptional wide range of usefulness

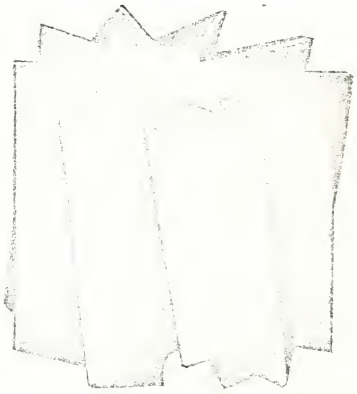

We also make these machines with vertical spindle to cut slots in dials, sinker rings, etc.

Textile Manufacturers will find Bilton Gear Millers particularly useful for cutting gears economically. Let us tell you how well it can be done.

Catalog No. 35 will be of interest to you

Every Wasted Minute Costs You Money

Whether it's your time or that of an inexpensive clerk that is wasted by using an out of date directory, the loss is yours.

In the course of a year the time wasted usually costs far more than the price of a new directory.

Misdirected parcels or messages cause expense and annoyance.

Cut out this leak. Order a new directory at once. It will pay you bigger dividends for the money invested than you realize.

Why the City Directory first? It saves time. The ads are classified. Your customers find you instantly. It's the logical place for them to go because its an index to the city.

Beat Them To It--Advertise in the NEW CITY DIRECTORY

now being compiled. Thousands upon thousands will consult it for a whole year. The price of space is so small, compared with the valuable publicity you get, that you can't afford to be left out.

You Can Sell Anything—Anywhere Through Our Service

Uncle Sam's mailing system reaches to the ends of the earth. Anywhere the mails go our service may extend.

Provided you have an idea, article or service worth selling, we can furnish the means of presenting it to the proper parties. We will write you an attractive, PULLING letter, furnish you a list of the right kind of people to send it to, multigraph it, fill in names, address, stamp and mail it for you.

Afterwards if desired we will check up the returns and attend to the follow-up.

In short there is nothing about a "Direct by mail" Advertising Campaign that we are not able to handle and in the way you want it done.

"You furnish the goods—we'll do the rest"

The objects of the Association are as follows:

First: To improve the directory business by the interchange of ideas, and by the exchange of competent employees.

Second; To protect the public against fraudulent advertising schemes operated under the name of directories and to drive the promoters of such out of business.

Third: To provide permanent and continuous employment for honest and faithful directory canvassers.

Fourth: For the mutual advancement of the established and prospective interests of all who may become members of the Association.

The Monotype

The Monotype Originated Nondistribution

Good printers everywhere use the Monotype both for composition and type-and-rule casting. The Monotype sets single type better than by hand and faster than any other machine. If you want good printing, you want Monotype printing. Tell your printer you want BOTH.

When you see our name on a Directory you may be sure of these four things

1st.—Every effort has been made to secure accurate information.
(We employ men of experience and ability and insist on accuracy)

2nd—The price of the book is as low as the cost of production and a reasonable profit will allow.
(Compare prices with those of other directories from all over the country)

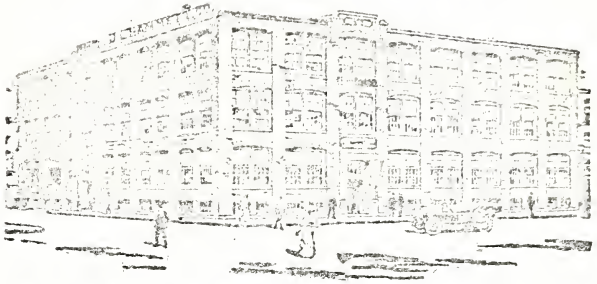

3rd—The Advertising Department is a fair representation of the best business houses of the city.
(A glance over the advertising section will prove this statement)

4th—The Advertiser gets more for his money than from nearly any other publication.
(Our representative will gladly show you why)

TO ECONOMIZE, COCHRANIZE

To purify exhaust steam, use a Cochrane Oil Separator. To heat water, a Cochrane Open Feed Water Heater (provided with extra storage capacity if required). For returning drips, the Cochrane Multiport Drainer. For regulating the back pressure, the Cochrane Multiport Safety Exhaust Outlet Valve. For softening water used in washing, scouring, etc., a Cochrane Water Softener.

We offer you more than 30 years of experience in utilizing exhaust steam, and in heating, metering and softening water. May we not inspect your plant with a view to submitting detailed suggestions for saving fuel or increasing output, or both?

Dayton Display Fixture Co., Dayton, Ohio.

Gentlemen:—

On May the 6th of last year I purchased of you four of your Display Fixtures and I wish to say, I would not part with them for many times what I paid for same.

Our fruit and vegetable business has doubled in volume and they have turned many of our charge customers to cash and carry and I am mighty glad I purchased same.

Our great economy is floor space but the best asset is, the advertising they have given us— the words of everybody " how much better your store looks".

Very truly yours,

George F. Richardson.

The above letter is a facsimile from hundreds of satisfied purchasers. Merchandise properly displayed is half sold.

Display and advertising are wonderful merchandising forces. Successful firms pay thousands of dollars extra a year in rent to get a location where people will see the displays in their windows. They spend thousands more for "pictured displays" in the newspapers and magazines. And it pays.

Perforated metal bins of the Dayton Display Fixture keep goods clean and prevent decay. Floor space and time are saved. Turnover is faster.

SUPPOSE YOU HAD

at your finger's ends full information on every Textile Mill, Dyer and Finisher in the U. S. and Canada. Imagine the value of knowing just when every mill was established, its capital, officers' and buyers' names, kinds of goods made, machinery and New York or Boston office address!

Why not take a short cut to hundreds of new firms you could profitably know, and get in touch with them? For the last eight months, our organization, established 1885, has been using its energy to give you the above information. If you save only half of one per cent on your purchases, or if you find just a few new firms to sell to or buy from, it should pay for the book a hundred times.

If you want any particular kind of cotton or woolen goods, the manufacturers are also classified by goods made, making it easy to find the line you desire. The whole industry is accurately and fully reported from cotton, wool, waste and yarn dealers machinery and supplies, to mills, agents, commission houses, converters, dyers and finishers, etc., all carefully thumb indexed for quick reference, in addition to regular alphabetical indexes.

WE TAKE ALL THE RISK—BECAUSE

we know from the thousands who are using our volume, that when you see our latest 35th annual DAVISON'S TEXTILE BLUE BOOK, there is little risk of your returning it. Sent on approval to responsible firms.

DO YOU WANT LARGE SIZE at $7.50 or HANDY SIZE at $5.00

Cook's Travel Service

FAMOUS THROUGHOUT THE WORLD FOR EIGHTY YEARS

AROUND THE WORLD. A wonderful series of Tours Around the World. Visiting Honolulu, Japan, Korea, Manchuria, North and South China, Manila, French Indo-China, the Malay Peninsula, Java, India, Ceylon, Egypt, etc. Delightful tours of six to seven months' duration will leave the Pacific Coast during September, October and November. The itineraries are the best that have ever been planned, and sufficiently flexible to align with individual desires.

HONOLULU AND THE SOUTH SEAS. Exceptional tours to Honolulu, Fiji Islands, Samoa, New Zealand, Australia and Tasmania, with extensions to New Guinea and other picturesque islands of the South Seas; and to Java and Singapore. Sailings in December and January.

ORIENTAL TOURS. Select tours to Japan, China, Korea, Manchuria and the Philippines; sailings arranged at all seasons of the year, to meet individual requirements.

PACIFIC COAST, ALASKA. The annual Tours de Luxe to California, the National Parks, Pacific Northwest, Alaska, Canadian Rockies, Colorado, etc., leave during June, July and August.

EUROPE. After several years' suspension owing to the war, conditions in Europe gain favor the resumption of pleasure travel on a large scale, and with much of its former convenience and luxury. There are, of course, still some restrictions, both as to routes and facilities, and these restrictions considerably enhance the value to our patrons of our expert travel service. Our itineraries for travel either under personal escort or independently cover as wide a field as circumstances permit and retain the old-time variety of interest that gave to pleasure travel in Europe its unique charm for all. They still include the chief historic cities, the treasures of antiquity and art, places where quaint, old-world things and ways still linger, famous scenic routes and brilliant centres of pleasure and fashion—everything and every place, in fact, that Americans will care to visit at this time.

SOUTH AMERICA. A grand tour of the great southern continent will leave in October, for the Panama Canal, Peru, Bolivia, the "Inca Country," Chili, over the Andes to Argentina, Uruguay, Brazil, etc.

BERMUDA. Attractive inclusive-fare tours to this charming Ocean Resort leave at frequent intervals all the year round. The fares include tickets, steamship berths, hotels, carriage and boat trips, etc.

THE MEDITERRANEAN. Fall tours to Mediterranean lands, the Riviera, Italy, Sicily, Algeria, Tunsia and the "Garden of Allah," Greece, etc. October, November, December.

NILE STEAMERS. Cook's Nile Service of luxurious steamers between Cairo and the First and Second Cataracts is operated from December to March.

CRUISES TO THE WEST INDIES. Ideal cruises to the Tropics every season, January to March.

ALL SUMMER RESORTS of the United States and Canada. Tours for independent travel completely pre-arranged on our "Travel Without Trouble" system, hotels, Pullman's, etc., reserved in advance. Any time, anywhere.

Bricks Without Straw

In ancient times, we are told, the Israelites were forced to do their work without the proper materials. They did it—after a fashion—but at an enormous cost in time and labor. Labor was cheap in those days however, and their task masters had the power to insist upon the full quota being given in spite of limitations.

Now the labor market is high, yet, in many cases history repeats itself. We still often see business trying to get along without the proper tools or with antiquated equipment.

You *can* do business without the telephone; it is possible to get along without a typewriter; you may use a quill pen for your correspondence if you so desire; it is your privilege to be without insurance, or the latest directory. If you wish you may still use a mailing list that was old when grandfather was a boy.

If you have outgrown Ancient Methods however you will find up-to-the-minute Mailing Lists and Directories of all Cities at our office.
